

## **The PEGASUS RISING Project**

**PARTNERING HORSES AND HUMANS FOR HEALING**

**Dear Volunteer Applicant:**

Thank you for your interest in becoming a volunteer in the Volunteer Caregiver Program of The PEGASUS RISING Project. Our volunteers are an essential and valued part of our program as we could not function successfully without them. AM and PM opportunities are available seven days a week.

Because it is imperative that our horses receive regular and consistent care, we are seeking dedicated volunteers who understand that strict policies and guidelines must be adhered to. While riding the horses is not part of our program, there will be opportunities for hands on interaction with them, once you have learned PEGASUS's relationship-based approach.

**Volunteers must be:**

- 18 or older
- willing to learn a new way of working with horses
- fit and able to lift 40 lbs
- volunteer work may not be used as a requirement for mandatory volunteer work by the legal system

Volunteers accepted into this important aspect of The PEGASUS RISING Project can also develop increased life skills, including confidence, self-esteem, empowerment, team building and collaborative (rather than dictatorial) leadership skills. There may also be opportunities on our Management and Support Team for those who possess business and professional skills. If this is of interest to you, please let us know and we will put you in touch with our Volunteer Coordinator for an interview.

Please complete the Volunteer Caregiver Application and e-mail to [Inquiry@PegasusRising.org](mailto:Inquiry@PegasusRising.org) or fax to the number provided on the website. We will review it and contact you to schedule an orientation.

Again, thank you for your interest. We look forward to working with you!
